

Front end developer

[Apply Now](#)

Company: Darts Solutions Inc.

Location: Venezuela

Category: computer-and-mathematical

Our vision is to empower people with developmental disabilities to live dignified and independent lives that allow them to be part of their community and achieve their personal goals. We achieve this by working closely with registered charities and government agencies focused on helping those in need. When you work with the Darts Solutions Inc. (DSI) Team you are working with a company that's 100% Canadian. We would be happy to discuss how our services can work for you. Call us to speak to a representative about our solutions.

The Role

We are looking for a Senior Front End Developer

Build web applications with web development best practices

Transform app designs into front-end code with HTML, CSS, and JavaScript

Work with back-end developers to integrate UI components with APIs and databases

Gather and refine specifications and requirements based on technical requirements or UX design

Debug errors, troubleshoot issues, and perform routine performance optimizations

On-site search engine optimization (SEO)

Write high-quality, scalable, and reusable code

Stay plugged into emerging technologies and industry trends

Develop new user-facing features

Job Qualifications and Skill Sets

Bachelor's degree in computer science or a related field

Minimum of 5 years of experience developing modern, responsive, and cross-browser-compatible websites using HTML, CSS, and JavaScript

Ensure the technical feasibility of UI/UX designs

Knowledge of JavaScript frameworks such as React, Angular, and Vue

Experience with JavaScript libraries such as jQuery and Bootstrap

Proficiency with HTML5, including semantic HTML5 elements, micro formats, and WAI-ARIA

Familiarity with CSS preprocessors such as Sass, Less, or Stylus

Working knowledge of SEO principles

Experience with build tools such as Grunt, Gulp, or Web pack

Basic proficiency with Photoshop and web design

Experience with cross-browser compatibility testing

More About You

You can collaborate with your peers to provide tools, support, and education for faster and more productive development processes.

You have experience working on large-scale web applications.

You strive to master any technology, language, or development environment that is needed or useful.

You're a fast learner, can contribute from day one, and can bring good opinions to the table.

Ideal Profile

You possess a Degree/Diploma in Computer Science, Engineering or related field.

You have at least 5 years experience, ideally within a Software Engineer role.

You are a strong team player who can manage multiple stakeholders

You are highly goal driven and work well in fast paced environments

You possess strong analytical skills and are comfortable dealing with numerical data

What's on Offer?

Work within a company with a solid track record of success

Leadership Role

Excellent career development opportunities
