

UIUX Designer Figma (Mobile App & Website)

[Apply Now](#)

Company: M365Connect

Location: Caracas

Category: computer-and-mathematical

About Us:

M365Connect is spearheading innovation in European IT staffing, marrying top-tier Microsoft talent with German clientele through the fusion of human expertise and cutting-edge AI tools.

Role Overview:

Are you a visionary designer seeking to craft seamless digital experiences?

Join us as a UI/UX Designer at M365Connect. You'll shape interfaces connecting elite Microsoft talent with pioneering businesses, designing intuitive experiences that redefine engagement.

Key Responsibilities:

Craft visually compelling and user-centric designs for web and mobile platforms that resonate with our target audience.

Collaborate closely with cross-functional teams to conceptualize and implement UI/UX strategies aligned with client needs and business goals.

Conduct user research, user testing, and iterate designs based on feedback to ensure optimal user experiences.

Stay abreast of industry trends and emerging technologies to infuse innovation into our design processes.

Translate complex technical requirements into elegant and intuitive designs that simplify user interactions.

Requirements:

Proven experience in UI/UX design, preferably in the tech industry or with a focus on Microsoft technologies.

Proficiency in design tools like **Adobe Illustrator, Figma** or similar software.

Please check the design of our current website. This shall be the minimum level you are operating in.

A portfolio showcasing a range of design projects highlighting both UI and UX expertise.

Strong understanding of usability principles, information architecture, and interaction design.

Excellent communication skills and ability to articulate design concepts to diverse stakeholders.

Join Us in Crafting Tomorrow's Digital Experiences:

Ready to redefine tech integration through innovative UI/UX? M365Connect invites you to shape the interface between talent and opportunity in the tech world.

To Apply Send your resume that links to your updated portfolio and a cover letter detailing your design philosophy.
